

CT WiZ: Access My Immunization Record

Access your record electronically within minutes using the secure online CT WiZ Public Portal at:

<http://ct.gov/izrecord>

Visit the CT WiZ Public Portal link above or scan the QR Code with your smart phone and enter:

- your or your minor (age 0 through 17 years) child's name, date of birth, and gender
- select if you are the parent, guardian, or patient
- mobile phone number or email address used when vaccinated

Security and protection of patient records is very important. The CT WiZ Public Portal uses 'two-factor authentication'. When you enter your information and a match is found in CT WiZ, **you will be texted or emailed a code to enter and confirm your identity before you can access the record.**

CT WiZ Public Portal is a *free* service by the Connecticut Department of Public Health Immunization Program. This is an official record of **immunizations received in Connecticut** that can be saved or printed. This record can be used as proof of immunizations for daycare, school, camp, work, travel, etc.

When using the CT WiZ Public Portal to access your (or your minor child's) immunization record, information entered **must be an exact match** with the CT Immunization Information System (CT WiZ).

Need help?

Complete the **secure online form** <https://dphsubmissions.ct.gov/ImmunizationUpdate>.

If you need assistance by phone, call our Connecticut Immunization Program at 860-509-7929 Monday-Friday 8:30a-4:30p
